Lets talk about Views

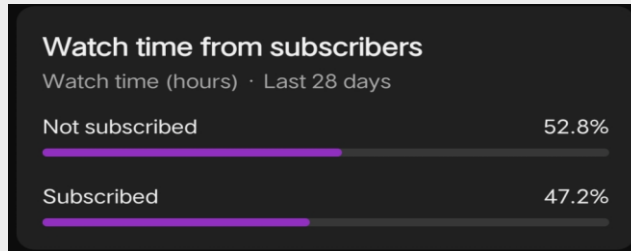

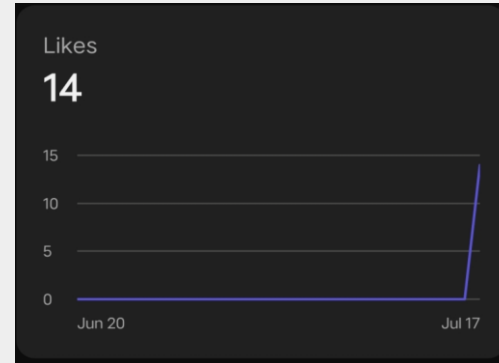

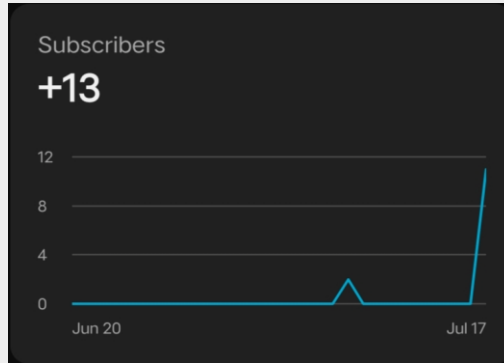

Key takeaways & action items: Average view duration is 31s where the content duration is 47.47s. Shorts feed generated >90% of the views. 51.1% stayed to watch so there's room for improvement.

How viewers found us

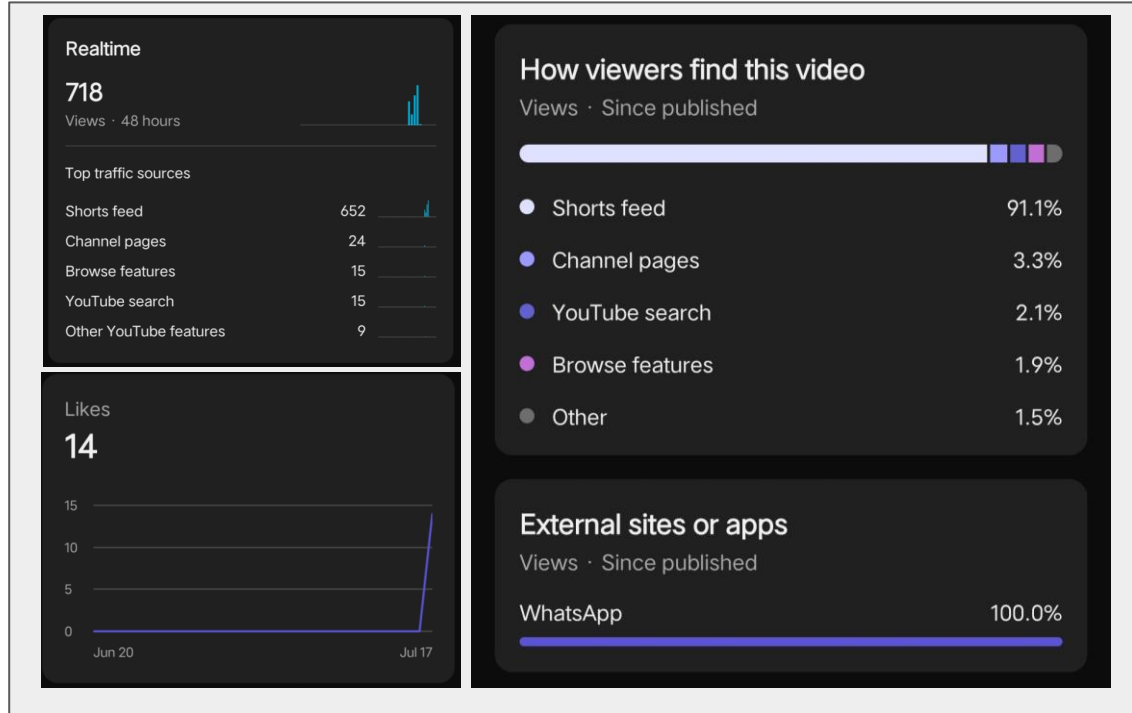

Key takeaways & action items: A different statistics show that 71% found us by scrolling shorts feed, some unknown searched terms are to be inspected.

Subscribers and Likes

Key takeaways & action items: We gained 13 subscribers and 14 likes. >52% watch time is from those who are not subscribed.

Other insights:

Key takeaways & action items: Looks like our video was only shared on whatsapp by people.

Conclusion and next steps

The first video got over 700 views within first 7 hours. That's a great start.

But viewer engaging needs work. We need to work on viewer engagement. Working on content is necessary. Need to find viral topics and then create an engaging content on that topic.
